Committed to fostering good governance and promoting sustainable practices, IIC serves as a platform to champion the principles of responsible investment, aligning with global standards and best practices.

Our primary mission is to advance the role of institutional investors in driving impactful change through active ownership, transparency, and long-term value creation. By advocating for environmental, social, and governance (ESG) considerations in investment strategies, IIC plays a pivotal role in supporting Malaysia's journey toward a more resilient and sustainable capital market.

Over the past decade, IIC has collaborated with regulators, policymakers, and other stakeholders to promote sound corporate governance and accountability within the business and investment communities. With a steadfast commitment to its core values, IIC continues to empower its members, comprising prominent institutional investors, in addressing emerging challenges and seizing opportunities in the evolving investment landscape.

As we celebrate our 10th Anniversary, we reflect on a decade of progress and innovation, reaffirming our dedication to building a sustainable future together.
